Monday

Keelung Harbor

MONDAY

Keelung Harbor

My name is Jackie. That's me in the green shirt.

I am waiting at Keelung Harbor. My friends, Betty and Jason, are coming from America to visit me. They are on a cruise ship.

6

There are 740 rooms in this boat. Almost 1,500 people can sleep on this boat. This boat is almost 30 meters tall.

7

I am going to show them some different places in Keelung. At the end of Keelung harbor is a deck.

We can watch ships coming and going from here.

Visitors can read the big K-E-E-L-U-N-G letters.

Jason is skating on the deck, "Be careful, Jason."

There are large and small boats in the port. In 1984, it was one of the largest ports in the world.

There is a lookout point near the harbor.
We can see the harbor and all the ships in it.
It is a very beautiful sight on a clear day.
In the distance, there is the 'Keelung' sign,
just like the 'Hollywood' sign in America.

Challenge Time

What can we see in the harbor from the lookout point?

The boxes on the ground are called containers. The cranes can lift the containers on and off the ships. The cranes can put the containers on trucks, too.

Jason is looking at a different part of the harbor. He can see the cranes taking containers off of ships. He can see the containers being piled up. That is the busiest part of Keelung harbor.

Tuesday

Zhengbin Harbor

Tuesday

Zhengbin Harbor

I live here next to Zhengbin Harbor.
Betty and Jason are staying with
me.

We can see all kinds of fishing
boats from my window.

My father is a fisherman.
He keeps his fishing boat in the
harbor.
He catches squid for living.

This is my father's boat.
Today he will take us out on it.
We can try to catch some squid.
It will be a lot of fun.

Challenge Time

What did they catch from the sea?
Did they all succeed?

We are back from our fishing trip.
It was so much fun.
We caught a lot of squid.
Jason is having a little trouble.
The slimy squid is on his head.

Squid can be small or large. Squid are strong swimmers.

Wednesday

Heping Island

Wednesday

Heping Island

Here we are on top of a cliff, at Heping Island. There is a nice spot where we can see the view. Across the water is Keelung Islet. Jason is looking at something in the tide pools.

There are many caves on Heping Island.

People can hide in the caves.

Bats live in the caves.

Jason is dressed like a bat.

The rocks on Heping Island have interesting shapes.

Some of the rocks look like giant mushrooms.

It is very peaceful here.

Jason is practicing some martial arts.

Challenge Time

What can we see from Heping Island?

What can we find in the caves on Heping Island?

Heping Island has some tide pools.

They fill up with water as the tide comes in.

These pools are home to some smaller sea creatures.

It looks like Jason has found a crab.

Thursday

Waimushan

2

Thursday

Waimushan

There is a small family beach in Waimushan.

It is at the foot of some beautiful mountains.

It is fun to play here on sunny days.
Jason is paragliding down from the mountain.

We can rent an umbrella to give us some shade.

We can rent tubes to play with in the water.

Jason can't wait to get into the water.

Can you see what he has rented?

It is fun to play with shovels and pales
on the sand.
We can build sandcastles.
We can dig holes in the sand.
Jason is buried from the neck down.

Challenge Time

What can you do at Waimushan?

It is very hot in the sun.
We can go for a swim to cool down.
The cool water is refreshing.
Jason is jumping off the rocks.

If you get stung by a jellyfish, put some vinegar
on the sting.

Friday

Bisha Harbor

Friday

Bisha Harbor

This is Bisha Harbor.

One amazing thing about this place is the ship on dry land.

People like to take photos in front of the ship.

There are many other things to do too. Jason is enjoying some fishing.

Families come here to have fun together.

People can buy kites to fly, or rent bicycles to ride.

Jason is riding a bicycle and Betty is flying a kite.

Wow! Jason can ride really well.

Local fishermen supply a large variety of seafood to the market.

Bisha Harbor also has a big market.

The market sells different kinds of seafood.

People like to buy seafood here because it is so fresh.

Jason has found a huge fish.

Fish

Shrimp

Squid

Crab

Challenge Time

What activities can you do at Bisha Harbor?

The lights at Bisha Harbor light up every night. They are very beautiful. We are having a barbeque on the pier tonight. Oh no! Jason is burning his marshmallows.

People like to go to Bisha Harbor to eat fresh seafood.

We Love KEELUNG.
