Heterogeneous Grouping is done at the first period. 4 people in one group to 7-8 groups. This makes all kids have the chance of peers learning.2. Job assignment: We'll have four different jobs for each of the student in a group. Reader: In charge of reading and translating. Writer: In charge of writing. Corrector: In charge of looking up the dictionary. Group leader: In charge of coordination, monitoring and decision making.3. Rules interpretation: We run the reading class for 20 mins a week. Everyone will have different job each time. A book will be separated to four section. We only read the assigned section of the story book each time.4. Worksheet is required at every reading class.5. Dictionary is essential.6. Periods: 4 periods for reading(20 mins*4), 2 periods for re-write the story(40mins*2).
